

# 2016 AVERE E-MOBILITY CONFERENCE

12 & 13 April 2016  
Amsterdam | NL

The first AVERE  
European Conference  
on e-mobility...  
Don't miss it!

## 500 + VISITORS FROM ALL OF EUROPE

We welcome innovators from every field and discipline to be inspired by our two-days event. Amsterdam is a national and international gateway. It is very easy to get around the city within 15 e-minutes by train, car, tram, bike or boat.

## EXPERIENCE A LIVING LAB IN AMSTERDAM

Dissemination of knowledge and young talent are key success factors in the worldwide transition to Smart Electric Mobility. The AEC 2016 in Amsterdam will be the historic crossroad for EV development: where science meets business.

## AEC 2016 TRAILBLAZING IN ELECTRIC MOBILITY

This is an exciting time. Open exchange of data and insights and lively debates between experts from all over the world are essential ingredients for future success. And AEC 2016 will provide the perfect platform for exactly this exchange!

## WHY VISIT?

- meet European decision makers
- contact inspirational keynote speakers
- view concrete solutions
- discuss social challenges
- experience e-mobility during your stay
- get inspired by innovators
- feel the excitement of a new era

## THE AIM OF THE AVERE E-MOBILITY CONFERENCE

On Tuesday 12 April & Wednesday 13 April, Amsterdam will host the AVERE e-Mobility Conference 2016, which will present the current state of affairs in the field of Electro mobility, as well as a perspective on the future including policy making, and industrial and scientific developments.

The conferences and presentations will be inspirational, demonstrating best practices and visionary approaches by countries, cities and companies. Science, business and government are working together at every level – to accelerate the growth of electric driving and to capitalise on its economic opportunities.

During the AEC conference, we will develop a shared vision of a European future for e-mobility and formulate a recommendation to the Environment Council on Green Mobility, who will meet 15th of April.

**500+**  
PARTICIPANTS  
FROM ALL OVER  
EUROPE

## VENUE: KIT INSTITUTE

The monumental building of KIT (Royal Tropical Institute) dates from 1928 and is our venue for the AEC 2016. KIT is an international knowledge hub: a gateway for the ideas of tomorrow, where knowledge in the field of sustainable and intercultural cooperation are shared. Although the conference is housed in a historic and monumental building, we can provide our guests and speakers the most advanced conference facilities. Moreover, the KIT institute is conveniently situated at the border of the city centre, within a 15 minutes drive from the airport. And it has it's own hotel right next to the venue!

## ABOUT AVERE

AVERE is the European Electromobility Association representing through its members and partners in 12 European countries indirectly 700 industrial & academic members and 25.000 EV owners. AVERE organises since 1978 the EVS (Electric Vehicle Symposium) conferences. The EVS conference is the world largest EV conference and takes place every 3 years in Europe; EVS30 (2017) will be held in Stuttgart.
